SUMMARY

Highly motivated Frontend Developer and UI/UX Designer specializing in Web and Mobile Development. Passionate about blending creativity with technical expertise to deliver functional, user-centered digital solutions. Proficient in project work, design tools, and modern development frameworks.

EXPERIENCE

SAP BTP Integration - Accenture Academy Delegate (Internship)
Accenture Philippines

Jan 2026 - May 2026
Taguig, Manila

- Executed hands-on SAP Process Integration and SAP BTP Integration Suite exercises, strengthening practical skills in system connectivity and integration workflows.
- Applied SAP Business Suite and BTP concepts in simulated business scenarios, improving understanding of enterprise application integration and automation.
- Designed, deployed, and monitored integration flows (iFlows), applying message mapping and transformation techniques to ensure accurate system-to-system communication.
- Collaborated in technical learning activities and guided exercises, enhancing problem-solving and SAP development competencies in cloud-based environments.

EDUCATION

Bachelor of Science in Information Technology
University of Santo Tomas

Aug 2022 - June 2026
España, Manila

- First Term Dean's List
- Specialized in Web and Mobile Application Development

PROJECTS

TigerRoutes
UI/UX Frontend Developer

June 2025 – May 2026

- Designed and developed the frontend and user experience of a Career Navigator web application using React.js and Tailwind CSS, improving accessibility across desktop and mobile platforms for Thomasian SHS students.
- Integrated psychometric assessment logic and recommendation features, enhancing personalized academic program guidance based on user responses.
- Created interactive prototypes and reusable design systems in Figma, ensuring consistent and user-friendly interfaces across platforms.

Roar Call
Frontend Developer

Mar 2025 – May 2025

- Developed and implemented an advocacy website for the UST College of Science Student Council using React.js and JavaScript, increasing awareness and engagement for campus cat welfare initiatives.
- Applied UI/UX principles with Tailwind CSS and Framer Motion to create interactive and accessible user experiences, encouraging greater community participation.
- Managed version control and team collaboration through Git, maintaining clean, scalable, and organized codebases.

Austin's Cafe & Gastro Pub
UI/UX Designer

Nov 2024 – May 2025

- Designed the user interface for an Inventory and Point-of-Sale (POS) Management System in Figma, streamlining restaurant business operations through a centralized platform.
- Developed reporting and analytics dashboard designs integrated with Chart.js and MySQL concepts, reducing daily reporting time by 40% through intuitive data visualization.
- Optimized inventory tracking and operational workflows through user-centered interface design, contributing to a 15% reduction in inventory discrepancies.

CERTIFICATIONS

Foundations of User Experience (UX) Design
Coursera - Google Philippines

Sept 2025

ORGANIZATION

Member, Mediartrix — UST
University of Santo Tomas

- Served as Community Development Creative Staff, creating video and graphic content for organizational initiatives.
- Edited promotional and production-related videos for Upbeat Hirit Dance, The Wrong Route Musical Production, and Recruitment 101 Promotion.
